Yes, you really can change the world. Mercy employees spend over 24,000 hours a year in volunteer activities serving the greater good. From our annual Especially For You® Women’s Race Against Breast Cancer, to local telethons, you’ll be supported and encouraged to serve your community any way you choose.

Years of study have prepared you. Days and nights of intense training have honed your skills. Testing has proven your ability. Now it’s time to bring it all to life. To do what you’ve always dreamed of doing: YOU, HELPING, HEALING. Part of a team. Right here, at Mercy Medical Center.

Helping you help patients.
Want to take your clinical skills to a whole new level? Mercy can help. All inpatient rooms are private. They feature state-of-the-art, computerized technology and comfort amenities like DVD players and flat screen TVs. These remarkable rooms reduce the spread of infection, help patients heal faster, and allow for shorter hospital stays.

The Mercy Touch®—it stands for everything that made you want to become a health-care provider in the first place.

• Putting patient care and compassion first
• Leading with the most advanced technology
• Serving our community for the greater good
• Caring for all patients regardless of their ability to pay
• Continually improving the work environment of every employee
• Opportunities for employees to grow and learn

It’s about patients, not profit. We’re a community-based, not-for-profit hospital. We are totally focused on our patients. Our approach to care is simple: Do what’s right and best for each patient. Combine the latest technology with real compassion. And treat patients like people, not numbers.

Looking for an opportunity to change someone’s life for the better? Want to go home each day with a true sense of accomplishment? Start at www.mercycare.org, or call 319-398-6150.
