WHY EARN YOUR DEGREE AT WGU?

WGU's Leavitt School of Health is the largest nonprofit, accredited college for healthcare professionals in the country with over 17% of all nursing graduates across the country in 2024 coming from WGU.* With scholarship opportunities to help reduce tuition costs and dedicated faculty supporting students every step of the way, WGU is designed for student success.*

*WGU Internal Data 2024

About WGU

WGU is a nonprofit university committed to providing accessible, affordable, high-quality education that meets the needs of busy adults by offering online degree programs that are respected, recognized, and accredited. Our programs deliver superior results by preparing students to excel in the workplace with prove-what-you-know, competency-based learning and personalized faculty support.

Online and Flexible

With no set log-in times, your effort, not a semester timetable, determines the pace of your progress. You can earn a highly respected degree on your terms by completing most coursework on a schedule that works best for you.**

**Note: the Nursing portion of the B.S. Nursing (Prelicensure) program is two years long and includes in-person requirements.

Accredited and Respected

WGU degree programs hold the same accreditation as other state and local universities. WGU has been recognized by the White House, the Department of Education, many agencies and associations, and news media.

Personalized Support

While you will do your coursework and even take exams online,* you won't be alone. From the first day, you'll have regular one-to-one support from a Program Mentor. And in each course, you'll work with a Course Instructor who is an expert in the subject matter.

Affordable Tuition

Tuition is charged at a flat rate once per six-month term, regardless of the number of courses you complete. Federal financial aid and scholarships are available to qualified students. This affordable tuition allows many students to graduate with little or no new student debt.
