

Do you suffer from chronic migraines?

Tom Drahos, PA-C, AQH
is a certified headache specialist
who has performed Botox[®]
procedures for chronic migraines
since 2013.

Botox[®] is a safe, FDA approved
method of treatment for
chronic migraines.

Do I Qualify?

- ◆ Eligible patients must have over 15 headaches per month
- ◆ Must have tried and failed to respond to two other preventative treatments, or failed due to side effects (*must be medically documented*)
- ◆ If these qualifications describe you, ask your provider for a referral to Tom Drahos at MercyCare North Liberty and call (319) 665-3053 to set up a consultation.

If you think Botox[®] treatment might help you, but would like to know more, ask your provider or request a brochure at the front desk today!
