## MERCY AUXILIARY MISSION STATEMENT

The Mercy Auxiliary is an integral part of Mercy Medical Center. Its purpose is to promote and advance Mercy's welfare. The auxiliary serves as a liaison between Mercy and the community and supports Mercy's patient- and community-related services. In addition to providing many volunteer hours every year, the auxiliary also serves as a fundraising organization.

Each year, hundreds of thousands of dollars are donated to a cause. There are a variety of projects through which members help the auxiliary fulfill its mission. All projects and events are coordinated and executed by a team of auxiliary members.
